Structure of AICIG

An association, to be recognized as a Consortium, shall represent at least 66% of the GI producers.

Consortium have the following obligations:

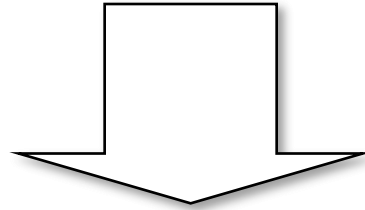

- 1.Surveillance
- 2.Protection
- 3.Increase the value

Structure of AICIG

- General Assembly
- Board of Directors
 - President
- General Secretary
- Technical Commissions

Structure of AICIG

- **General Assembly:** The General Assembly is composed of all Aicig member
- **Board of Directors :** Board of Directors composed of 3 to 11 members is nominated directly by the General Assembly (now 7 members)
- **President:** The President is nominated within the Board and is the legal representative of the Association
- **General Secretary:** The General Secretary coordinates the activity of Aicig and reports directly to the President.
- **Technical Commissions:** One Technical Commission for each production sector (oil, other products (fruit, vegetables, bread...))

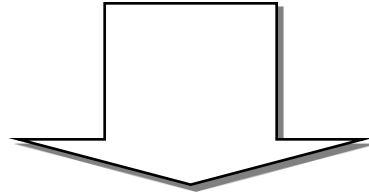

Mission of AICIG

1. Correct development of the GI sector in Italy, encouraging constant exchange between the Consortium;
2. Monitoring the evolution of the GI sector (with reference, in particular, to international markets);
3. Technical support, if required by member or third party, through the Commissions;
4. Support and promote GI policy;
5. Marketing research in order to study GI sector in depth.

Mission of AICIG

National Activity

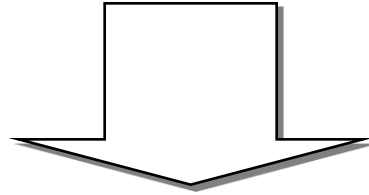

By promoting a constant exchange between the Consortium and other operators of the market, Aicig intends to:

- Offer smaller Consortium the opportunity to learn from the experience of bigger GI producers' groups.
- Consolidate the GI sector

Mission of AICIG

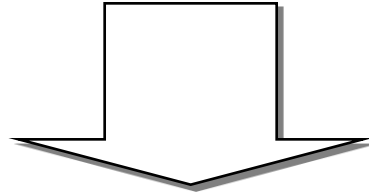

International Activity

1. Promotion of better GI protection at different level:
 1. Rome (Aicig operates in close contact with the Italian Minister of Agriculture)
 2. Brussels - EU
 3. Geneva – WTO, WIPO
 4. Cooperating with third Countries.

Mission of AICIG

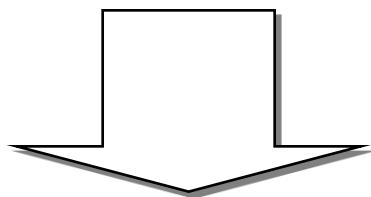

International Activity

At European level, taking into consideration that is the largest GI association in Europe, Aicig would like to establish a direct contact with the Commission in order to be more involved in the quality policy.

Mission of AICIG

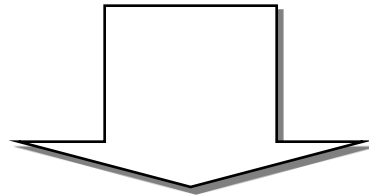

International Activity

Aicig will work towards the creation of an international network to provide operators with a competent reference (on GI issues) in different countries (lawyers, competent administrative authorities, consultants, etc.).

Mission of AICIG

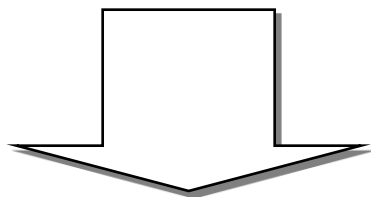

International Activity

Creation of a database, to be constantly updated, containing all the information that can help operators: legal proceedings, local orientation on GI, opportunity to proceed with GI or trademark application.

Mission of AICIG

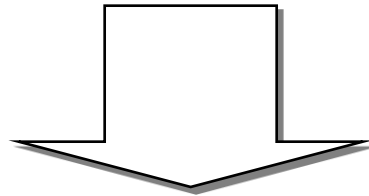

Technical Activity

Through the internal Commissions (based on the fifty-years experience of many Consortium) and external consultants Aicig should be able to offer very competent opinions on GI issues.

Mission of AICIG

Marketing Activity

With the constant consultation of each member, Aicig will also develop marketing studies in order to promote the correct development of GI sector from a commercial point of view.
