BASU BUCKWHEAT (八宿荞麦)

Country of origin: China
Category: Geographical Indication Product Specific Marks
Type of product: Buckwheat
Geographical Area: Baxu County, Tibet Autonomous Region White Horse Township, Jeddah Township, Lagen Township and Linka Township
Specificity of the Product: This buckwheat is grown at an elevation of 3300 meters above the eastern Tibet Plateau Badu County Valley, a historical planting that is 500 years old. Because of the region enjoys long periods with high sunlight, a large temperature difference, low rainfall and a lot of evaporation, the grain of this buckwheat is big, thin and white, and rich in protein and vitamins. It is nutrient rich and can lower blood fat, blood sugar and cholesterol. It is considered healthy food because of the lack of pollution in the area where it is cultivated.
