

## CHANGSHUN GREEN SHELL EGGS (长顺绿壳鸡蛋)

**Country of origin:** China

**Type of product:** Eggs

**Geographical Area:** Changshun County in Guizhou Province

**Specificity of the Product:** The eggs are small (about 36-55 grams), with a thin, pale green shell, dark yellow yolk, and clear egg white. The product is rich in nutrients and is known for its fresh taste. In Guiyang City, the agricultural product quality and safety testing center at Guizhou Normal University found that the egg is rich in lecithin, brain phospholipids and vitamins, trace elements, especially zinc, and selenium. It also falls under pollution-free food standards and the National Green Food Development Center approved it as a "green food" and the state The Ministry of Health approved it as a "health food".
