

## YUPING TEA OIL (玉屏茶油)

**Country of origin:** China

**Type of product:** Tea oil

**Geographical Area:** Pingxi Town, Dalong Town, Tianping Town, Zhu Town, Xin Dianxiang and Asian fish Township

**Specificity of the Product:** Yuping tea oil grows at an average elevation of 500 meters in the low mountain terrain of Wei Yan. The area has rolling hills, mostly yellow and red deep soil. The soil is fertile, has good ventilation, high organic matter content, and is rich in a variety of minerals. The area is rich in water resources, with the Wuyang River nearby, which brings together the two major mountains. Yuping tea oil was produced after a long period of natural selection and artificial cultivation. It has unique botanical characteristics. The tea tree plant has a height of about 3 meters, the tree is compact, and has a naturally round or tower crown. It flowers in early October to late December and has dark green oval leaves, fruit times It has a reputation as a "longevity tree".
