EUROPEAN-COMMISSION 

Celebrating the EU Registration of the Geographical Indication for Kampot pepper (1st November 2016)

3. Registration process of Kampot pepper and Kampong Speu Palm Sugar in Thailand and Vietnam

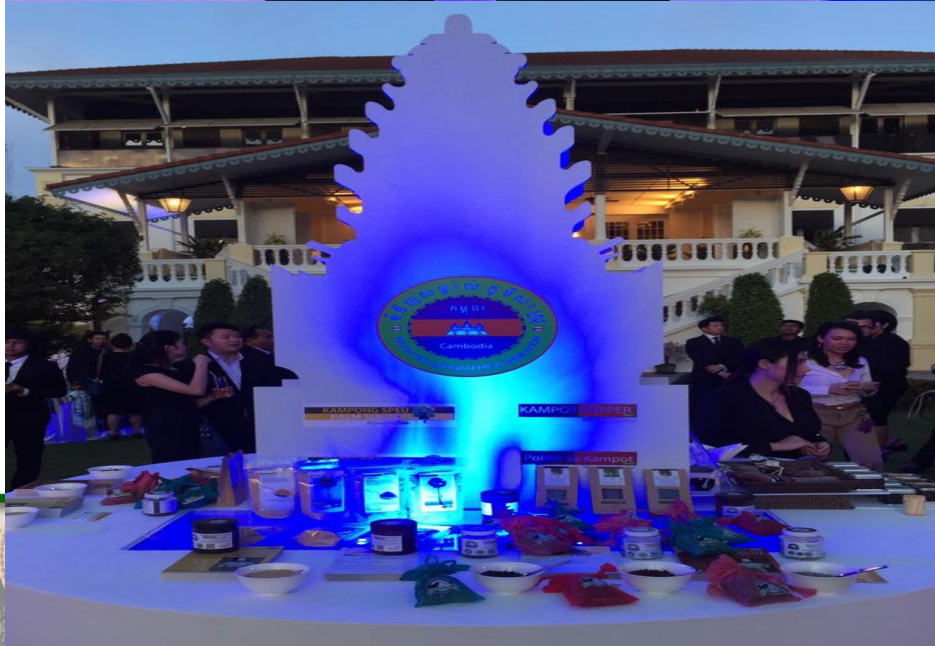

- Support to the development intra-regional Geographical Indications (GI) registration - Application for GI registration of Kampot Pepper and Kampong Spue Palm Sugar in Thailand and in Vietnam.

The need to improve local GI expertise and awareness are important factor which undermine the GI local development in countries. It is difficult for a producer association to be created and to find, an affordable way, and the necessary support to set up its control systems and develop promotion tools.

IP Offices and GI divisions in particular, in charge of GI administration in Thailand, Vietnam and Cambodia have gain in expertise identifying GI and conducting GI application substantive examination. As a result, they were able to accompany the registration of more than 90 national GIs.
