A new format for members and partners

Thematic informal GI sessions.

For the 2023 Biennial Meeting, oriGIn proposes an additional moment to gather its members and partners to allow them to explore opportunities of collaboration, share best-practices and promote services. Join us on 5 October in the morning, in a modern and comfortable co-working space, to have coffee and discuss informally about 3 interesting topics:

- Emerging legal GIs issues
- GI Cooperation activities and the role of oriGIn
- Technological tools for GIs
- GI alliances for sustainability

Discussions will be led by oriGIn and some members/partners. Choose your topic (3 groups will be formed) and get ready to listen to innovative perspectives to GI issues as well as to find new potential partners.
